

FELCRA SAMARAHAN SDN BHD
(Kilang Kelapa Sawit Samarahan)

ZERO BURNING POLICY

FELCRA Jaya Samarahan Sdn. Bhd. is committed to implementing a "Zero Open Burning" approach in every activity carried out. We also strictly prohibit any form of open burning, whether in the factory or residential areas. This policy is in line with our Environmental Policy, which emphasizes environmental conservation and continuous improvement in sustainable development.

To fulfill our commitment to the practice of zero burning, we will:

- Comply with all legal requirements and regulations, especially the Environmental Quality (Clean Air) Regulations 2014.
- Encourage and raise awareness among all staff and workers about air pollution control for clean air quality.
- Prohibit any unauthorized burning activities in all our factory operations, including residential areas, by imposing penalties or fines on those who violate it.
